

NIKAM

ELECTRICALS

PPC / MCC / APFC Panels
Automation & PLC Panels
Control Panel Manufacturing

Complete Industrial Electrical & Automation Solutions

Mob.: 8087515092 | 8806001646

Design & Development

- Dedicated in-house design and engineering team ensuring accurate and reliable panel designs.
- Advanced design tools including AutoCAD, EPLAN, for precision engineering.

Laser Cutting Machine

MS / SS Sheet Laser, Electrical Panel Bending, Control Panel & Cabinet Parts Channel, Angle, Box, Tray Bending, Custom Design, Bending Work, Laser Cut Parts Bending

Material	MS	SS	AL	CU	Brass
Thickness mm	upto 12	upto 5	upto 3	upto 1	upto 1

Machine Details (Technical Highlight) Machine Type : CNC Press Brake
Capacity : 100 Ton High Accuracy CNC Control Repeatable & Uniform
Bending Heavy Duty Industrial Machine Bulk & Job Work Accepted

Material	MS	SS	AL	CU	Brass
Thickness mm	upto 8	upto 3	upto 5	upto 2	upto 2

CNC Press Break Bending Machine

Products

Power Control Centre (PCC) Panels

PCC Panel

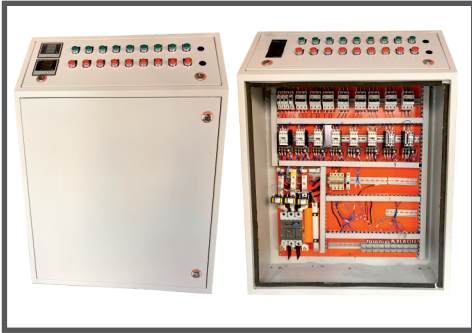

MCC Panel

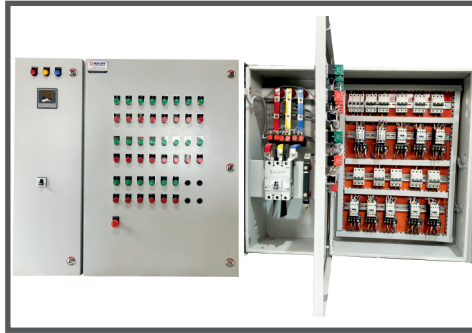

APFC Panel

Products

Deck Panel

Dol Starter Panels

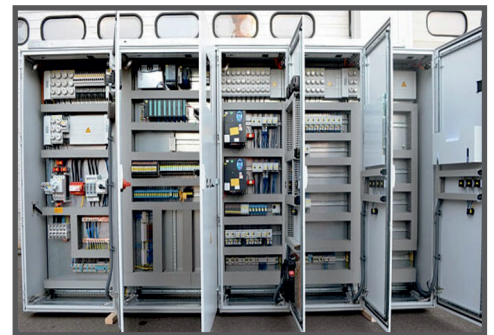

LT Panels

LT Out Door Panels

VFD Panels

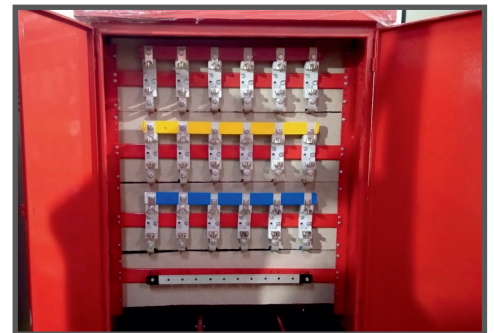

PLC Panels

Remote Box Panels

Sub Meter Box Panels

Mini Feeder Panels

Areas of Application

The main area of the work is much focused viz.

- Rolling Mill / Steel Industries / Pharma / Beverages Automobile Sector
- Electrical Control Panels PCC, MCC APFC, VFD, Solar Panels (ACDB)
- PLC / SCADA based Automation Projects
- Cable Laying & Terminations

Quality Policy

- Customer Satisfaction.
- Quality in Product.
- Timely Delivery.
- Competitive Price.
- Quality Raw Material used.
- Quality Inspection at Each Stage.
- Fulfilment of all customer requirements.
